

# Washington DC 2005 Convention Registration Update

by Mark Smith

The registration form you see in this Flyer is a slightly different form from the one which was in the last Flyer. The important bits are the prices and nothing has changed in that regard. Hopefully, it will be a little less confusing. On-line entries are still the preferred method, but it is understood that that is not an option for everyone.

Our partner for accepting online payments is PayPal (<http://www.paypal.com>). Through them we will be able to accept credit cards, paypal payments, and bank transfers. It really makes payment management easy. And you don't have to be a member to use it. There is a slight fee, but the convention will pick up the tab on it. Use away!

Another significant development in registration is that we are proud to offer an Air Safety Foundation (ASF) *Safety Review* explicitly for Comanche's. This 200 page book was especially produced in part by a grant by none other than our very own ICS. I would love to say it was produced especially for this convention, but the fact of the matter is that they were produced in 1997. Bruce Landsberg from the ASF sent me a copy of this book and it's beautifully produced and it is sure to help someone.

To see what the AOPA/ASF website has to say about it, go see for yourself at their website. You may this URL

<http://www.aopa.org/asf/asfarticles/sp9711.html>.

Lastly, if you cannot attend the convention (!), you may buy these books at ASF online, or give Gaynor a call over at HQ (405-491-0321) and ask to buy one.
